

Customized LED Signage System

Model
ABLM-PM01

Key Features:

- ✚ Custom Illuminated Branding Display for corporate, commercial, institutional, and public environments.
- ✚ Warm White LED Illumination ensuring clear visibility and consistent visual presentation.
- ✚ Custom Shape and Size Fabrication based on approved artwork and project requirements.
- ✚ Logo and Graphic Integration supporting personalized branding and identification applications.
- ✚ Indoor and Outdoor Deployment Capability adaptable to diverse installation environments.
- ✚ Aluminum-Framed Construction providing structural stability and long-term durability.

Customized LED Signage System

Specification	
Solution Type	Customized LED signage solution designed, fabricated, integrated, and deployed in accordance with approved project-specific requirements.
Illumination Configuration	Warm white LED illumination arrangement configured as per approved signage design and visibility requirements.
Physical Profile	Signage depth and structural dimensions customized according to approved artwork, installation environment, and project requirements.
Power & Driver System	LED driver and power control components selected and integrated based on signage size, illumination load, and operational requirements.
Branding Elements	Logo, text, graphics, colors, and visual branding incorporated in accordance with approved client artwork and design specifications.
Mounting Methodology	Wall-mounted, suspended, surface-mounted, or customized installation arrangement with aluminum-based structural support as per site conditions.
Mechanical Construction	Signage enclosure, frame, finishing, accessories, and installation hardware configured in accordance with project-specific design and application requirements.

ABOUT AVAIVI

AVAIVI is a dynamic and innovative DPIIT recognized Startup Company for its commitment to driving excellence, fostering innovation, and contributing to Bharat's burgeoning entrepreneurial landscape. AVAIVI specializes in providing cutting-edge Audio-Visual Solutions, AI-based Software and Security & Surveillance Technology.

AV Technology: AVAIVI's state-of-the-art audio-visual solutions redefine how information is presented and shared. Our innovative AV solutions include interactive displays, digital signage, audio systems, and immersive multimedia experiences.

AI Software Suite: From predictive analytics to process optimization, our AI-based software applications empower organizations to make informed decisions, streamline operations, and stay ahead in a rapidly evolving digital landscape.

Video Surveillance: AVAIVI's expertise in CCTV security surveillance technology goes beyond traditional monitoring. Our comprehensive solutions encompass advanced camera systems, intelligent video analytics, and remote monitoring capabilities.
